Power Hub will provide light for four or five areas depending on the system. The plug-and-play connect kits come with everything needed for installation, including wiring clips and wall-screws for neat and easy installation without an electrician. The Power Hub controller includes advanced four-stage charging technology and protection circuits to extend the life of the battery.

DESCRIPTION	PH-S-1.4-BT
NOMINAL SYSTEM VOLTAGE	12V
SYSTEM CAPACITY	20Ah
MODULE PEAK POWER	40Wp
MODULE CURRENT	2.4 A
LED BULB INCLUDED	5W 2 Nos
USB OUTLETS	1 x USB
12VDC 14W FAN	1 No
MAXIMUM NO. OF LOADS	3 + 1 USB
LED TUBE LIGHT INCLUDED	-
CABLE LENGTH (PANEL TO LSHS BOX)	6 m
CABLE LENGTH (LSHS BOX TO LAMP)	5 m
REMOTE OPERATION	Bluetooth
DAILY RUN TIME OF THE LAMPS	5Hr
WARRANTY	2Y
